?? Annual Christmas Party ??

Gary Hughes has again taken on the annual event, subject to the coronavirus status, and the intent to participate by members. In order to justify moving forward with the event planning, Gary needs to know how many members would attend if it continues to be feasible. Gary has reserved a banquet room at the Holiday Inn on Wells Road, Orange Park, for Saturday, December 19th. I believe the target number is around 50 members, minimum. Also, the price is in the \$32-35 range per person. Remember, the club picks up half of that amount for current dues paid members. Guests will be full amount.

Please send Gary an email if you are intending to actually attend (again, subject to Covid19).

Have you renewed your membership yet ?

It was due October 1st. It looks like we have 53% renewed right now. Please take the time to renew. Go to JMC website for options. www.jmcmustang.org

Presidents Letter

October 2020

Hello everyone,

I want thank Doug Hoar for an outstanding performance as president of the Jacksonville Mustang Club for the last two years. Doug's commitment and performance as our President is a tough act to follow. I hope to follow behind him continuing to grow the club and promote the mustang hobby in our community with this great social club. Thanks, to all of the officers from last year.

That being said, due to COVID, this year has been for slow car shows and gatherings to attend in our mustangs but there is light at the end of the tunnel! Restrictions are lifting, and it appears that COVID spread is slowing. Summer is over and we are officially in fall with cooler weather coming. Hopefully the tendency for rain every weekend will taper off and give us some good weather to enjoy our mustangs over the next couple months. We have a few shows coming up in October and November. Let's all plan to attend a couple of them. Join me attending the Trinity Baptist Church show on October 17th. We also have our Christmas Party scheduled for December 19th. Those of you planning to attend please contact Gary Hughes at yellowpony.gh@gmail.com to get on the Christmas Party list.

For those that do not know well, I have been diagnosed with a disease known as CMN, short for Certified Mustang Nut. The connection goes back to 1970, as an 8 year old riding around in my older brother's 66 Mustang "A" code, 4-speed coupe. I have owned many Mustangs through the years, but really got heavy into the mustang hobby and car shows about 20 years ago when restoring of my 67 coupe. I joined the Savannah Mustang Club and the MCA, and soon thereafter became a certified MCA modified judge. Then came several more restorations and co-owning a Bob Bondurant Driving school car, which evolved into participating in HPDE track events, and eventually road course racing. In all of this, I have found that you can find a lot of fun things to do with your mustang while making great friends along the way!

I am very happy to announce that this month's JMC Meeting will be held **IN PERSON** at Duval Ford! It is planned for us to meet outdoors in the vehicle delivery area and social distancing will be practiced. Duval will provide us chairs and tables as needed and all we need is for **YOU** to show up!

I'll hope to see you all at Duval Ford on October 15th!

STUFF

How New Members Can Facebook

Even under the inactivity due to the restrictive condition of COVID-19, JMC is still growing it's membership (163 members). We welcome all of our newest members to the club. Hopefully, we will reach a point where we can start getting together and hold events. So far this year we had to cancel our annual show, and put off our annual picnic, as well as our annual Progressive Dinner. That being said, our only real method of sharing seems to be the club's private Facebook page. In order to access it, however, you need to get Doug Hoar to authorize your access. Read the information in the box at the bottom of this page to get yourself authorized. Then start posting questions, answers, or sharing things you think the other members will enjoy.

? NO TAKERS ?

Have a Mustang story to tell ?

We have tried in the past to include a section in the newsletter, entitled "Member's Rides"

Initially it worked while the enthusiasm to gather the information was strong. After a while it became dormant because of the effort required by a single correspondent having to meet with the member, take pictures, do an interview, and write the article. So it was discontinued.

Today I was looking for something to add interest in the newsletter, and it hit me that we can do an article monthly if members are willing to put one together and submit it to me (editor). I am sure there are a lot of interesting stories to be told, or perhaps just an overview of how you got involved with your mustang hobby. Or maybe just tell us about your JMC experiences and what you like about the club. It doesn't have to be a long article. A half page to a full page (max.) including any photos you might include. If it is a really interesting article that requires more space I will certainly consider it. I am always wanting to include material that directly involves any or all of our members.

So put on your thinking cap, grab your camera, find that pen and paper, and let's get this real life article back in the newsletter !!! Who knows, if this works maybe we can get someone to co-ordinate a

Private "FACEBOOK" Page

Doug Hoar is the coordinator of the JMC private group Facebook page. If you are a new member, or an older one that has not yet joined the group, and you want to be able to use the page, get in touch with Doug and he will get you cleared to access it. He also works with our website manager on items for the JMC site.
